## Join Accelerate to Get More Out of Working in the Animal Health Industry

**Increase your knowledge and skills so that you can give the best advice, products and service to your customers.**

*We're excited to announce the launch of our new Accelerate website!*

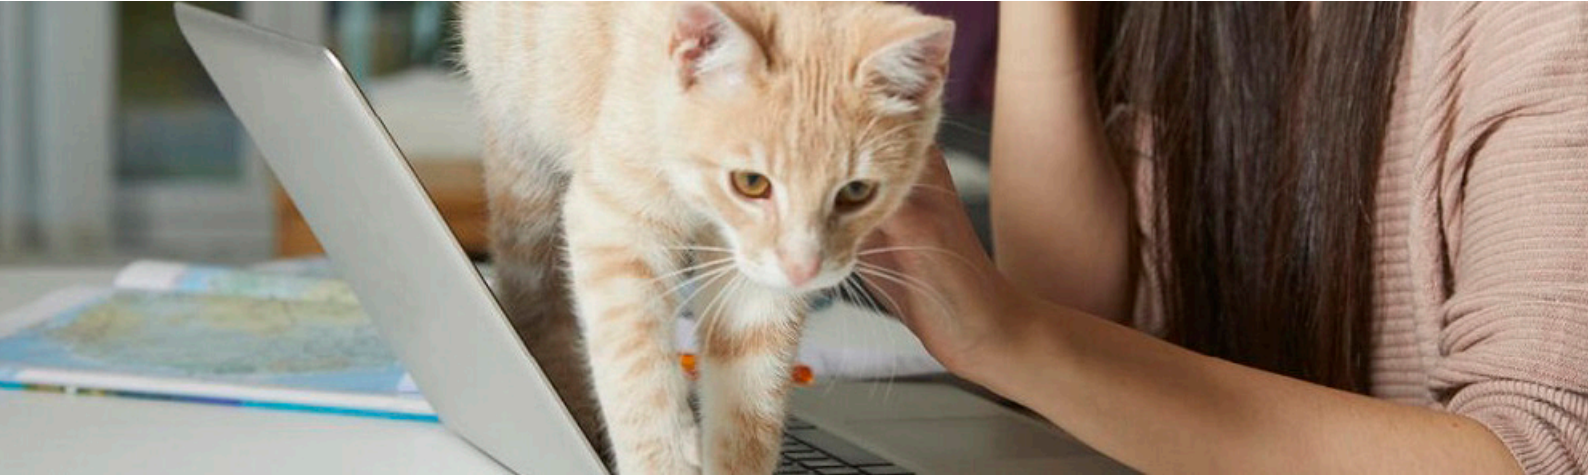

**Register at [au.accelerate.bayer.com](http://au.accelerate.bayer.com)**

The new website features updated courses, product information and marketing materials through an enhanced learning portal. This will support your ongoing professional development and product stewardship, so that you can continue to provide the best animal health advice to pet owners.

### **By joining Accelerate, you will have access to:**

- eLearning modules
- Continuing Professional Development (CPD) points
- The DRIVE Education Program
- Product information
- Marketing materials
- Promotions and other activities

## Vets can earn continuous education points by completing our training modules.

All of our courses count as structured courses with the exception of the Product Training section. Generally, 60 minutes worth of training equals one CPD point. You can find the duration of the courses in the [Training](#) section. After successful completion of a course, simply download the certificate to your computer and submit it to your state registration board for CPD points.
